Federal Energy Regulatory Commission

[Docket No. CP19-1-000]

Notice of Availability of the Environmental Assessment for the Proposed Palmyra to Ogden A-Line Project: Northern Natural Gas Company

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Palmyra to Ogden A-Line Project, involving abandonment by sale of facilities by Northern Natural Gas Company (Northern) to DKM Enterprises, LLC (DKM) in Otoe and Cass counties in Nebraska, and Mills, Pottawattamie, Cass, Audubon, Guthrie, Greene, and Boone counties in Iowa.

The EA assesses the potential environmental effects of the Palmyra to Ogden A-Line Project in accordance with the requirements of the National Environmental Policy Act. The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Northern proposes to isolate and abandon by sale to DKM approximately 146.6 miles of 24-inch-diameter pipeline on Northern's M580A and M530A system (collectively referred to as the "A-line") from Palmyra, Nebraska, to Ogden, Iowa. Northern indicates that DKM intends to salvage the abandoned pipeline.

To abandon the pipeline, Northern would disconnect and cap the A-line at five interconnections where it is linked to other system facilities. Ground disturbances would be limited to one location in Otoe County, Nebraska, and four locations in Mills, Guthrie, and Boone counties, Iowa, where the A-line would be disconnected from Northern's existing pipeline system.

The Commission mailed a copy of the *Notice of Availability* to federal, state, and local government representatives and agencies; elected officials; Native American Tribes; other interested parties; local libraries and newspapers; and other interested individuals

and groups, including commenters. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the Environmental Documents page (<https://www.ferc.gov/industries/gas/enviro/eis.asp>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://www.ferc.gov/docs-filing/elibrary.asp>), click on General Search, and enter the docket number in the "Docket Number" field, excluding the last three digits (i.e. CP19-1).
